v.

Does 1-3,120

charter case number 10-5114

This is a letter of opposition to LFP Internet Group's demand that Charter Communications release my account information, address, telephone number, E-mail address (es), and modem MAC address to them.

Do to time constraints of the subpoena I have been unable to determine to validity of the claims that prompted this invasion of privacy, or determine the security of my computing networks which might have lead to this alleged infringement. Further more the subpoena was delivered the evening December 24 so close to the holidays I have as yet been unable to find suitable representation in cyber and copyright law prior to the objection deadline to make a proper informed challenge to this impending litigation.

The release of my information prior to consideration of the above facts exposes my self and each of the other Doe defendants to active solicitation and threats of further litigation with out any proof of wrong doing.
